"This program really prepared me for an interview at Dorado Development and now I am an assistant property manager."

OUR WHY

CRE TRAINING

In 2020, we decided to open our own training program to those outside our firm and have since trained over 140 professionals both in-person and virtually for dozens of organizations.

INVESTING IN OUR FUTURE

For generations, commercial real estate training has been offered one way, mentorship. We still believe that nothing replaces a good mentor but that has created some gaps in the technical skills not typically taught in our industry without on-the-job experience.

Meanwhile, the technical aspects of the industry continue to evolve and become more complicated. The increased burden on the mentors and trainers leaves them little time and less desire to develop new talent.

As a result, our industry is not attracting and retaining new and diverse talent. A labor shortage could create a severe issue for all of our organizations in the very near future.

The goal of this program is to change that, one emerging professional at a time.

"Foresite's CRE Launch Program was top-notch. As a professional economic developer, I had certain preconceived ideas of what this course would teach me. The program easily surpassed those expectations. I gained a deeper appreciation of the many facets of commercial real estate — from macro economics to micro economics, outstanding lectures from solid professionals and real world projects — I felt I came away with a lot more than I expected. I cannot speak more highly about this program. Thank you again for this remarkable opportunity."

Having been part of Foresite's Commercial Real Estate Training Program, I can say that this is an incredible opportunity to be mentored by industry leaders and veterans from Foresite Commercial Real Estate. Bethany, Chad, Alexandria, and the whole Foresite team were amazing to work with and were always willing to meet virtually one-on-one and provide insightful information for our course work. I'm grateful to have been part of Foresite's 2020 Training Program, as I made so many connections and it led me to my current employment at NorthMarq!

OPPORTUNITY

HOW YOU CAN HELP

Sponsors have a unique opportunity to influence new entrants to commercial real estate and build loyalty to their brand. The students in the program are selected based on their likelihood and ability to build a successful career in the industry.

Our typical class is comprised of a diverse demographic of high-performing individuals with an intentional focus on building a career in commercial real estate. The students may be professionals that are considering a career change or advancement or recent college graduates.

Providing Scholarships to students allows benefactors the opportunity to get to know students one on one if they desire. Many students finish the program by obtaining a position in the industry. This can be a wonderful opportunity for businesses to identify top talent who have already received industry training.

Corporate Sponsors will be promoted with the program as contributors to this important talent development program.
